

GNI CANNON BRIDGE

LONDON

CLIENT: GNI

For a small independent broker, Lees Associates have relocated G.N.I. to Cannon Bridge and helped them to grow to their current size occupying 100,000 sq ft of offices including a 240-position Dealing Rooms on two floors.

The scope of Lees Associates' involvement began with analysis of their business activity to formulate a strategic growth plan and incorporated a complete interior design service, including detail design, specification of fitting out components, selection of furniture, finishes and fabrics.
